LIVING COST REDUCED BY COMMISARY

The bonus of 50 cents a day paid mine and mill workers in the Tonopah and Divide districts, last night was declared off, effective on the eighth day of February. The action was taken on recommendation of Joseph Lord, federal mediator, who reports that he found the store functioning and therefore left the question of a continuation of the bonus to the operators. The latter, by a vote of 8 to 4, declared the bonus abolished on the date mentioned by the mediator. This action was approved by the mine and mill workers' union, which has a contract with the operators agreeing to this course as soon as Mr. Lord found that the commissary was functioning properly in the interest of the employees. This action was unanimous.

HERCULES SHAFT NEARS 500 FT.

Deepening of the Hercules shaft during the past few days has been featured by the making in of a formation which resembles closely the ore-making formation at the Tonopah district. In fact, a number of mining men who visited the property yesterday and today are of the opinion the formation is identical with that of Tonopah. The Hercules shaft is bearing a depth of 500 feet and from the 300-foot point down has carried strikers of one sampling as high as \$29 a ton. A station is to be cut at the 500 level, and it is possible that quite a bit of prospecting will be done there. The depth objective, however, is the 1,000-foot mark and this work is to be carried on irrespective of operations that may be presented on the 500-foot level.
